

LANGHAM FACILITIES

MODERN SLAVERY STATEMENT

Langham Facilities is committed to fulfilling its own responsibilities in the global effort to eliminate exploitation and abuse in the workplace. Slavery and Human Trafficking is a total infringement on fundamental human rights and so we work with the highest ethical principles in mind, valuing integrity and transparency in everything we do.

OUR BUSINESS

Langham Facilities provide specialist construction skills for all forms of fit-out, refurbishment and new build, from project briefing and inception to construction and maintenance.

OUR RESPONSIBILITY

Langham Facilities understands that empowering employees with information can aid their future actions and judgements. Therefore, we strive to maintain awareness of slavery and human trafficking by training our staff in identifying potential risks, protecting whistle-blowers and making our policies available to all in our company handbook.

OUR SUPPLIERS

We pre-qualify all Suppliers or Sub-Contractors through a series of due diligence checks, relating to company performance, HS&E compliance and references from other customers to establish that they are suitable and place comparable emphasis on ethical business practices. This statement is made pursuant to section 54(1) of the Modern Slavery Act 2015 and constitutes our slavery and human trafficking statement.
